Docket #L-00000B-15-0059-00170

While I understand the increased need for power in South Chandler, I feel that the cost to bury these lines in small sections has been greatly exaggerated. I can only assume that if it was your community, your children, you would ask for this consideration. Regardless of what is posted on SRP's website regarding childhood leukemia and property values, the "Not in my backyard" mentality has prevailed so far and the route with the fewest communities impacted is the "winner" or loser in this case.

I am not a Pinelakes resident, but I feel a great loss for my community members that are. I cannot understand why as a community it is ok for a few to be affected only because they have a smaller voice. As a side note I feel that SRP is deliberately being deceitful. I assumed that the route through Pinelakes was an "Alternate route because I received a map from SRP that showed it as such AND it is still showing as such on their website. Kept in dark...
